

## Unit 2 – Summative Assessment: European Arrival and Nouvelle-France

---

1. Create a timeline of events. Identify the ten most important events that happened during this time period (1492CE – 1763CE) and place them in correct chronological order. / 5
2. Thinking in terms of historical significance, what in your opinion is the most historically significant event that occurred during the life of Nouvelle-France? Explain your answer. Identify one cause of this event as well as one consequence of this event. / 5
3. Essential Question: Why did the French and other Europeans come to north America and how did they interact with first peoples? / 10
  - a. In your answer identify two reasons why Europeans came to North America and provide an example for each.
  - b. Speak to the nature of the relationships between Europeans and Indigenous peoples. Were these relationships one-sided or were they mutual? Did Indigenous peoples have any power in these relationships? What purpose did they serve for both sides?
  - c. Speak to the consequences of these relationships for the Indigenous peoples.
