

# Unit 3 – Summative Assessment: The Northwest Fur trade

---

1. Create a timeline of events. Identify the ten most important events that happened during this time period (1670CE – 1811CE) and place them in correct chronological order. / 5
2. Thinking in terms of historical significance, what in your opinion is the most historically significant event that occurred during the Northwest Fur Trade? Explain your answer. Identify one cause of this event as well as a consequence of this event. / 5
3. How did First Peoples and Europeans interact in the Northwest and what were the results? / 10

✓ Things to think about when answering question 3:

What were the motivating factors in European expansion westward?

In what ways was European involvement in the west positive? Negative? Neutral?

What were the consequences for the different groups out west? How did things change? How did things stay the same?

Were there any ethical dimensions to European involvement in the west? What were they? How did they affect the people involved?
